

VERNIER CALIPERS VNC

Product Brief

Most popular caliper design manufactured to exacting tolerances

Useful for inside and outside measurements, depth & step measurements

Hardened stainless steel construction in satin chrome finish

Vernier scale etched with permanent black graduations allows precise & convenient reading

Free wheeling thumb roller mechanism for smooth movement along the linear scale

Convenient to use locking screw to set calipers at any desired position - a feature very useful in application requiring repetitive measurements

Extendible depth gauge for use in slots & small holes

DBA/3
Depth Base Attachment

FEATURES

RESOLUTION
0.02 mm
(0.001")
