

PGG 3/1

Petrol-operated, 2.8 kW power rating, puncture-proof wheels and 15 litre tank: synchronous generator PGG 3/1 for up to 12 hours of work independent of external power sources at many job sites.

1 Extraordinary ease of use

- High mobility thanks to the foldable push handle and puncture-proof wheels.
- Electro start function for the convenient and quick start of the petrol engine.

2 Ultimate reliability and safety

- With overload and oil shortage protection as well as tubular steel frame for maximum safety.
- With automatic voltage regulator (AVR) for the operation of sensitive electronic devices.

3 Very powerful

- 230 V synchronous generator reliably provides continuous power of 2.8 kW.
- Powerful petrol engine for applications of min. 6.5 hours per tank filling.

4 Operation of Kärcher high-pressure cleaners

- For use of high-pressure cleaners in areas without an external power supply.
- Suitable for selected, single-phase high-pressure cleaners.

PGG 3/1

- Convenient electric start function with key switch
- Foldable push handle and puncture-proof tyres
- Robust cage frame

Technical data

Order no.		1.042-207.0
EAN code		4054278547923
Voltage	V	230
Phase	Ph	1
Rated performance	kW	2.8
Max. performance	kW	3
Motor type		Petrol
Cubic capacity	cm³	208
Motor rating	kW / hp	5.1 / 6.9
Tank capacity	l	15
Runtime at 50% output	h	12
Runtime at 100% output	h	6.5
Weight	kg	51.7 / 52 / 56.1
Dimensions (L × W × H)	mm	645 × 622 × 549

Equipment

Operating state display	■
DC output (12 V)	■
Protection class IP 23	■
Low oil and overload protection	■
Fuel gauge	■
Single phase socket type F (Schuko)	■
Automatic Voltage Regulation (AVR)	■

■ Included in the scope of supply.
