

PGG 6/1

With a power rating of 5 kW, the petrol-operated synchronous generator PGG 6/1 impresses with up to 10 hours of independent power supply in many commercial and municipal applications.

1 Extraordinary ease of use

- High mobility thanks to the foldable push handle and puncture-proof wheels.
- Electro start function for the convenient and quick start of the petrol engine.

2 Ultimate reliability and safety

- With overload and oil shortage protection as well as tubular steel frame for maximum safety.
- With automatic voltage regulator (AVR) for the operation of sensitive electronic devices.

3 Very powerful

- 230 V synchronous generator reliably provides continuous power of 5.5 kW.
- Powerful petrol engine for applications of min. 6.5 hours per tank filling.

4 Operation of Kärcher high-pressure cleaners

- For use of high-pressure cleaners in areas without an external power supply.
- Suitable for selected, single-phase high-pressure cleaners.

PGG 6/1

- Convenient electric start function with key switch
- Foldable push handle and puncture-proof tyres
- Robust cage frame

Technical data

Order no.	1.042-208.0	
EAN code	4054278547930	
Voltage	V	230
Number of current phases	Ph	1
Rated performance	kW	5
Max. performance	kW	5.5
Drive type	Petrol	
Cubic capacity	cm ³	390
Engine rating	kW / hp	9.6 / 13.1
Tank capacity	l	25
Runtime at 50% output	h	10
Runtime at 100% output	h	6.5
Weight incl. packaging	kg	92.4
Weight without accessories	kg	84.7
Dimensions (L × W × H)	mm	743 × 713 × 670

Equipment

Operating state display	■
DC output (12 V)	■
Protection class IP 23	■
Low oil and overload protection	■
Fuel gauge	■
Single phase socket type F (Schuko)	■
one-phase CEE socket (16 A)	■
Automatic Voltage Regulation (AVR)	■
■ Included in the scope of supply.
